THIS AGREEMENT

MADE this 1st day of April, 2025 by and between

THE CITY OF BUFFALO

a domestic municipal corporation, with its principal office and place of business in Room 616 City Hall, #65 Niagara Square, in the City of Buffalo, County of Erie and State of New York, (hereinafter called the "City"),

Party of the First Part

And

LIRO ENGINEERS, INC.

with offices at 690 Delaware Avenue, Buffalo, New York 14209 (hereinafter called the "Consultant"),

Party of the Second Part

WITNESSETH:

WHEREAS, the City of Buffalo has determined to proceed with Liro Engineers, Inc.

For Professional Architecture, Engineering & Environmental Services for the Design and Construction of a New Buffalo Police Training Facility;

and

WHEREAS, the Common Council of the City of Buffalo pursuant to Resolution #25-305 of the Common Council Proceedings of February 18, 2025 has authorized the Commissioner of Public Works, Parks & Streets to employ the services of a consultant to do a Design Development for the above referenced project; and

WHEREAS, the Consultant has submitted a proposal in writing to the Commissioner of Public Works, Parks & Streets to perform the aforesaid architectural and engineering services, and proposal has been found generally acceptable by the Commissioner of Public Works, Parks & Streets;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto agree as follows:

FIRST: EMPLOYMENT OF CONSULTANT. The City agrees to employ and hereby does employ the Consultant to perform Professional Architecture, Engineering & Environmental Services for the Design and Construction of a New Buffalo Police Training Facility, as more fully set forth in section "THIRD" of this agreement.

SECOND: ACCEPTANCE OF EMPLOYMENT. The Consultant accepts such employment as set forth in section "THIRD" of this agreement, and subject to the conditions therein contained, agrees to devote its best architectural and engineering professional skill and judgment to the work and will so design, plan and inspect the work that every phase thereof will conform to all current local ordinances and all state and federal rules and regulations.

Whenever the Consultant shall deem the consulting services of persons outside of its own organization to be necessary, it shall employ such consultants at its own cost and expense, subject, however, to the prior approval of the Commissioner of Public Works, Parks & Streets. Whenever the City shall deem it advisable, after the first progress payment has been received, the Consultant shall furnish proof that all compensation due and owing to said consultants has been made prior to the receipt by the Consultant of progress payments on its fees from the City under this contract.

THIRD: WORK TO BE PERFORMED. The professional services to be rendered by the Consultant shall be done to the satisfaction of the Commissioner of Public Works, Parks & Streets and in form and manner approved by him, and shall include: The normal environmental, architectural and engineering services for Construction of a New Buffalo Police Training Facility. More specifically, the Consultant shall provide the following:

SCOPE OF WORK

The Consultant shall provide Professional Architecture, Engineering & Environmental Services to evaluate the property at 379 Paderewski / Memorial Drive; reconfigure the

current design resituated at 379 Paderewski including site work, utility connections, connection to the existing building, and all associated consulting services for this work; prepare construction/bid documents, provide bid support, and provide design construction services and construction contract closeout for the new Buffalo Police Training Facility.

FOURTH: CONSULTANT'S FEES

Payment from the CITY OF BUFFALO to the CONSULTANT shall not exceed \$155,288 as per proposal of July 9, 2024 (attached).

FIFTH: EXTRA WORK

No extra work beyond the scope of this agreement shall be performed by the Consultant unless the Commissioner shall, in writing, specifically direct such work to be performed. In the event such extra work is authorized, the City and the Consultant shall execute a supplemental contract describing the extra work and providing for the compensation to be paid therefor.

SIXTH: TIME FOR COMPLETION

The work required under this agreement shall be completed within a time schedule specified by the Commissioner in consultation with the Consultant and said schedule shall commence after execution of this agreement by both parties.

SEVENTH: TECHNICAL DATA

The City shall make available to the Consultant all existing records and data which is pertaining to the proposed project. The original tracings and all notes, designs, drawings, specifications, reports and other technical data prepared by the Consultant or developed by it in the course of the construction of the project, are to be and become the property of the City

upon completion of the work herein. The City shall have full rights to use the same thereafter without any claim on the part of the Consultant for compensation of any kind. All such items shall be delivered to the City whenever requested, and until delivery to the City, access to such items shall be restricted to the Consultant and to authorized representatives of the City. The Consultant, however, shall be entitled to retain one or more copies of all such items.

EIGHTH: PRIOR TERMINATION OF CONTRACT

At any stage of the work, hereunder, the City shall have the right to terminate this contract, provided that compensation shall be made to the Consultant on the basis of the approved estimate of cost in proportion to the work which has been accomplished and approved, plus the expenses actually incurred by it to the date of termination, less any payments previously made.

NINTH: ASSIGNMENT

This agreement contemplates the particular services of the Consultant, and the Consultant shall not assign, transfer or otherwise dispose of this contract, or its right, title and interest therein, to any person, firm or corporation, except that moneys due to the Consultant and approved for payment by the City may be assigned by it to any bank or financial institution which is rendering financial assistance to the Consultant on this work.

TENTH: CONSULTANT'S COMPLIANCE WITH STATE LAW

The Consultant shall comply with all provisions of law regarding the corporate practice of architecture and engineering including but not limited to the provisions of Section 7209 of the Education Law of the State of New York.

ELEVENTH: INSURANCE.

A. Indemnification

The Consultant agrees to procure and maintain insurance naming the City as additional insured where indicated, as provided and described below.

For all matters other than those arising out of the Consultant's professional services, the Consultant shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the City, its officials, officers, departments, employees, agencies, and agents, from and against any and all liability, damage, claims, demands, costs, judgments, fees, attorney's fees or loss(es), arising out of the performance or failure to perform under this Agreement by the Consultant or third parties under the direction or control of the Consultant. In addition, Consultant shall reimburse the City for any amounts incurred by or on behalf of the City in enforcing the provision, including, but not limited to, attorneys' fees.

For all matters arising out of the Consultant's professional services, the Consultant shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the City, its officials, officers, departments, employees, agencies, and agents, from and against any and all liability, damage, claims, demands, costs, judgments, fees, attorneys' fees or loss(es), arising out of any negligent acts, errors or omissions of the Consultant, or third parties under the direction or control of the Consultant, in the performance of professional services under this Agreement which are logically or causally connected by any common fact, situation, event, transaction, advise, or decision. In addition, Consultant shall reimburse the City for any amounts incurred by or on behalf of the City in enforcing this provision, including, but not limited to, attorneys' fees.

B. Insurance

The CONSULTANT shall secure policies of Workman's Compensation & NYS Disability, Professional Liability, General and Automobile Liability Insurance, and maintain said policies in force during the life of this contract in the limits set forth:

Workman's Compensation Insurance & NYS Disability:

This contract shall be void and of no effect unless the CONSULTANT shall secure Workman's Compensation Insurance for the benefit of, and keep insured during the life of this contract, such employees as are necessary to be insured in compliance with the provisions of the State of New York workmen's Compensation Law.

General Liability:

With respect to all operations the CONSULTANT shall carry Commercial General Liability insurance providing for a minimum limit of two million dollars (\$2,000,000) per occurrence for all damages arising out of bodily injury, personal injury, property damage, products/completed operations, and contractual liability coverage for the indemnification provided under this contract. Each annual aggregate limit shall not be less than \$2,000,000.

Automobile Insurance:

With respect to any owned, non-owned, or hired vehicles the CONSULTANT shall carry Automobile Liability insurance providing for a minimum limit of one million dollars (\$1,000,000) per accident for bodily injury and property damage.

Professional Liability:

With respect to any damage caused by an error, omission or any negligent acts of the CONSULTANT, the CONSULTANT shall carry Professional Liability insurance providing two million dollars (\$2,000,000).

All policies of insurance required by this contract shall be provided and maintained at no cost or expense to the CITY and shall name the City of Buffalo as an Additional Insured and Certificate Holder with respect to the CONSULTANT'S activities. CITY shall also be named as additional insured on any excess/umbrella liability insurance policy carried by CONSULTANT. CONSULTANT may satisfy the insurance limits through a combination of the underlying policy plus excess /umbrella insurance. Professional Liability, Workmen's

Compensation and NYS Disability Insurance shall name the City of Buffalo as a Certificate Holder.

All policies of insurance shall be provided by a company or companies authorized to do business in the State of New York and admitted in the State of New York. Before commencing the work, the CONSULTANT shall furnish to the CITY a certificate of insurance, and shall thereafter provide renewal certificates, as appropriate, evidencing such coverage written by a company or companies acceptable to the CITY. All certificates of insurance shall be subject to the approval of the Corporation Counsel of the City as to form and of the Comptroller of the City as to sufficiency. Such certificates and renewal certificates shall provide for a notice of cancellation, change, lapse or restrictive amendment by certified or registered mail at least thirty (30) days.

Any contractor or subcontractor performing work under this contract shall procure and maintain statutory insurance and other insurance as determined by the CONSULTANT so as to properly cover the liability of the CONSULTANT, contractor and subcontractor(s). The policy limits shall be the same as required of the CONSULTANT and the certificates of insurance shall be delivered to the CONSULTANT.

TWELFTH:

This Agreement shall be governed by the law of the State of New York and venue for all proceedings shall be in Erie County, New York.

IN WITNESS WHEREOF, the parties hereto have duly executed this agreement.

Consultant’s Proposal

July 9, 2024

Ms. Shanttina Moore
City of Buffalo
65 Niagara Square
Room 616 City Hall
Buffalo, New York 14202

**RE: Proposal for Professional Architecture, Engineering & Environmental Services for
the Design and Construction of a New Buffalo Police Training Facility**

Ms. Moore,

LiRo Engineers, Inc., d/b/a LiRo-Hill, is pleased to submit provide Professional Architecture, Engineering & Environmental Services for the Buffalo Police Shooting Range Facility. Effective as of January 27, 2024, Global Infrastructure Solutions Inc. (GISI), the parent company of LiRo Engineers, Inc. and Hill International, Inc. consolidated a portion of the highly experienced staff of both LiRo and Hill to create a larger, more efficient and cost-effective team to serve clients in the Northeast.

Per your request, we have prepared our proposal to evaluate the property at Memorial Drive, reconfigure the current design resituated at the alternative site, evaluate and design a connection to the Community Center, prepare construction/bid documents, provide bid support, and provide design construction services for the new Buffalo Police Training Facility.

We trust that our submittal will show that LiRo-Hill is qualified, experienced, and ready to work with the City on this important project. Should you require any additional information or wish to discuss our qualifications in more detail, please contact me directly at 716-882-5476.

Sincerely,
LiRo Engineers, Inc.

Robert Kreuzer
Senior Vice President

Summary

1

The Buffalo Police Training Facility was originally intended to be constructed at the Buffalo Police Maintenance Garage and Evidence Storage Facility on Seneca Street in Buffalo. The construction project was designed by LiRo-Hill and its team members, bid, and awarded. However, the Buffalo Police Department (BPD) determined that its mission would be best served, preserving the full functionality of the Seneca Street facility, by relocating the designed facility to a City owned property on Memorial Drive and Paderewski Drive - - - the site of a former Community Center. LiRo-Hill proposes to evaluate the property at Memorial Drive, reconfigure the current design resituated at the alternative site, evaluate and design a connection to the Community Center, prepare construction/bid documents, provide bid support, and provide design construction services for the new Buffalo Police Training Facility.

The LiRo-Hill Team consists of the following team members:

- LiRo-Hill (Project Management, Civil, & Structural)
- Foit Albert Associates, Architecture, Engineering, and Surveying P.C. (MBE - Architecture)
- Frandina Engineering and Land Surveying P.C. (WBE – Land Surveying))
- Atlantic Testing Laboratories, Ltd. (WBE – Special Inspections)
- Trophy Point Construction Services and Consulting (SDVOB – Cost Estimating)

Scope of Services

Site Development Phase - LiRo-Hill will coordinate with our subcontractor to conduct a topographic survey and will collect existing building structural and ACM information in the area where the breezeway will connect the existing building to the new training building. LiRo-Hill will also evaluate utility connections (water, storm sewer, sanitary sewer, natural gas, and electricity) for availability including communication with each utility provider. It is assumed that, given the cost of energy to power the high volume HVAC system, that a natural gas connection will be required.

Our survey subcontractor (**Frandina**) will provide a combined drawing showing both boundary and topographic survey. Contours will be shown at 1 foot intervals and site features and utilities will be shown. The control points will be listed in a table on the survey drawing. The drawing will be provided as an AutoCAD file and as a digitally stamped PDF. Survey limits will extend to the southeast side of Memorial Drive street curb (the side opposite the subject property) and 10' into adjacent properties, if accessible.

The survey will include spot elevations, existing building finished floor elevations of accessible entry doors, and utility locating at quality level C (location of visible utilities and inverts on accessible sewer structures). It is assumed that the City will provide any available record drawings prior to the field survey to aid in the mapping. The survey will be provided in the vertical datum of NAVD88.

An asbestos survey will be conducted, limited in scope to the location where alternations to the existing building will connect to the new building.

LiRo-Hill will also provide assistance to the City's Project Manager to obtain permits and internal approvals (such as the City Planning Board). The assistance will include provision of drawings, layouts and complications of data and building information.

This phase will include meetings with the with the Buffalo PD, DPW and Planning Department personnel.

Schematic Design - LiRo-Hill and our subcontracted architect (**Foit-Albert Associates**) will develop schematic design elevations, plans, sketches, and memoranda that will convey design concepts for reconfiguring the current design at the new site at the corner of Paderewski and Memorial Drive. Based on a preliminary evaluation of site utilities, the building will need to be flipped to maintain the same entrance and readily access utilities. The design will be mirrored

on the XY axis and mirrored to fit the building on the site. Parking and ingress-egress options will be evaluated and presented. Two concepts will be developed to design a breezeway connecting the range vestibule to the southeast door of the Community Center. Once discussed in conference with the DPW and Buffalo PD, one of the options will be carried forward and a color rendering of the facility will be developed. LiRo-Hill will evaluate the current design relative to the geotechnical conditions (Geotechnical Report provided by the City) and modify the foundation as necessary to based on the conditions at the new site. All work will be reviewed by **Trophy Point**, for development of a Design Development phase Third Party Certified Cost Estimate. The team will visit the site, in coordination with the DPW, as needed to advance the design.

Construction Documents - Upon authorization to advance to the Construction Documents phase, the design team will complete the construction documents for competitive bidding. This will include all plans and specification sections for each project and phase required for bidding. Contractor questions and addenda from the previous bid will be reviewed and incorporated into the design. Separate bid packages will be required.

LiRo-Hill will provide a Statement of Special Inspections and comments from the Buffalo PD and DPW will be addressed (assuming that the interior layout of the new building will remain the same other than it's previously mentioned reorientation.

It is assumed that the City will obtain approvals from SHPO, the Zoning Board, Planning Board, Historic Preservation Board, and Buffalo Plan Review. LiRo-Hill will provide drawings and other supporting documentation to the City to facilitate those approvals. LiRo-Hill will coordinate with relevant public utilities before the bid phase.

Bid Phase - A Bid Advertisement will be developed in conjunction with the City of Buffalo Project Manager (which will be included in the project manual) and will include all necessary bid dates, times and pre-bid meetings. This will be provided to the Avalon Plan room. Up to 20 copies of the bid documents will be made available at a nonrefundable fee (paid to the City) of \$58. Four additional copies of the specifications and addenda and one set of drawings will be provided to the City. Avalon's fee is included in out proposal.

We will hold a pre-bid walkthrough on site with the City and potential bidders, to discuss project with those bidders, issuing minutes from that meeting in our first of the required addenda. Additional addenda will be issued to address any contractor questions or concerns. All addenda will be posted in the specification book for development of the project contract through Corporation Counsel's office.

We will attend the bid opening, providing bid tabulation forms for bidder use, as well as recording all bids for review and comparison. We will interview apparent low bidders and make recommendation to the City of Buffalo of the lowest responsible bidder.

LiRo-Hill will make revisions to the contract documents as may be required as a result of bidding cost overrun for rebidding. Addenda will be incorporated into the revised documents.

This phase also includes a post-bid meeting with all prime contractors 1 week following bid opening and prior to contract execution.

Construction Administration/Closeout - LiRo-Hill will coordinate a pre-construction meeting and conduct bi-weekly progress meetings throughout the period of construction. Procedures for submittals, shop drawings, invoice review, Requests for Information (RFIs), modifications, schedule tracking, and testing will be reviewed at the kick-off and then reviewed at each bi-weekly meeting. LiRo-Hill will prepare minutes for each meeting for distribution.

We will review shop drawings providing clarifying and coordinating details, and will review submittals, keeping an organized log of shop drawings and submittals. We will review and answer all RFI's and maintain RFI log. As necessary, certifications of contractor personnel will be verified.

An experienced inspector, appropriate to the construction activity ongoing at that time, will visit the site weekly to assure compliance with the contract documents and design concept. LiRo-Hill will provide 3rd party testing, inspections, reporting, and certification per the approved statement of Special Inspections and per Chapter 17 of the NYS Building Code, subcontracting to **Atlantic Testing**. We will identify and address unanticipated field conditions and issues promptly and take appropriate action and field directives based on observations and test results.

We will review and keep a log of contractor invoices, provide the contractor with a pencil copy markups, and submit the revised invoices to the City for payment. We will notify the DPW of any potential change orders or schedule impacts and evaluate the justification and reasonableness of any change orders requested by the contractor.

Throughout the construction process, our Project Manager will communicate frequently with the DPW regarding all relevant aspects of the project.

Upon construction completion, LiRo-Hill will secure a general release, a maintenance bond, required insurance certifications, and closeout documents from the Contractor. The general release must include downstream releases from the contractor's subcontractors. LiRo-Hill will also obtain O&M data, diagrams, replacement parts lists, guarantees, and manufacturers service directories to the DPW in one hardcopy volume and electronically.

Prior to final contractor payment, we will make a final inspection of the site to assure that it is in first class working condition and certify to the City that the project was completed in accordance with the plans and specifications, as clarified by RFI responses, approved modifications made during construction.

We will provide an organized and indexed hard copy of record drawings and all other records, such as field notes submittals, RFI's, and photographs to the DPW for their record. This compilation will also be provided electronically.

Consultant Fee Schedule

2

LiRo-Hill's proposed fee is presented below. The fee includes all subcontractor and direct costs

Phase	LiRo-Hill	LiRo-Hill Hours	Foit-Albert	Frandina	Trophy Point	Atlantic Testing	Total
1 – Site Development	\$15,310	114		\$11,920			\$27,320
2 – Schematic Design	\$8,360	44	\$6,000		\$7,250		\$21,610
3 – Construction Documents	\$18,680	134	\$10,960				\$29,640
4 – Bid Support	\$9,840	62	\$1,532				\$11,372
5 – Construction Administration / Closeout	\$43,600	368	\$11,781			\$9,965	\$65,346
Total	\$95,790	722	\$30,273	\$11,920	\$7,250	\$9,965	\$155,288

Compensation
Board**

**CERTIFICATE OF
NYS WORKERS' COMPENSATION INSURANCE COVERAGE**

1a. Legal Name & Address of Insured (use street address only) LiRo Engineers, Inc. 690 Delaware Avenue Buffalo, NY 14209 <i>Work Location of Insured (Only required if coverage is specifically limited to certain locations in New York State, i.e., a Wrap-Up Policy)</i>	1b. Business Telephone Number of Insured 1c. NYS Unemployment Insurance Employer Registration Number of Insured 1d. Federal Employer Identification Number of Insured or Social Security Number 13-1974950
2. Name and Address of Entity Requesting Proof of Coverage (Entity Being Listed as the Certificate Holder) City of Buffalo 65 Niagara Square Room 616 City Hall Buffalo, NY 14202	3a. Name of Insurance Carrier Arch Insurance Company 3b. Policy Number of Entity Listed in Box "1a" 14WC1998901 3c. Policy effective period 1/1/2025 to 1/1/2026 3d. The Proprietor, Partners or Executive Officers are ☒ included. (Only check box if all partners/officers included) ☐ all excluded or certain partners/officers excluded.

This certifies that the insurance carrier indicated above in box "3" insures the business referenced above in box "1a" for workers' compensation under the New York State Workers' Compensation Law. **(To use this form, New York (NY) must be listed under Item 3A on the INFORMATION PAGE of the workers' compensation insurance policy).** The Insurance Carrier or its licensed agent will send this Certificate of Insurance to the entity listed above as the certificate holder in box "2".

The insurance carrier must notify the above certificate holder and the Workers' Compensation Board within 10 days IF a policy is canceled due to nonpayment of premiums or within 30 days IF there are reasons other than nonpayment of premiums that cancel the policy or eliminate the insured from the coverage indicated on this Certificate. (These notices may be sent by regular mail.) **Otherwise, this Certificate is valid for one year after this form is approved by the insurance carrier or its licensed agent, or until the policy expiration date listed in box "3c", whichever is earlier.**

This certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This certificate may be used as evidence of a Workers' Compensation contract of insurance only while the underlying policy is in effect.

Please Note: Upon cancellation of the workers' compensation policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of Workers' Compensation Coverage or other authorized proof that the business is complying with the mandatory coverage requirements of the New York State Workers' Compensation Law.

Under penalty of perjury, I certify that I am an authorized representative or licensed agent of the insurance carrier referenced above and that the named insured has the coverage as depicted on this form.
